"EROTICA"

Whenever you

4/03/97

make Love it is definitely sex, but all sex is not necessarily Love making

The difference between the 2 is not based upon endurance, duration, amplification, aroma or size - abundance or lack thereof.
Instead I maintain, it is the exchange of light and energy from one temple to another (that temple being our bodies). It is the conversation that we find ourselves in, when no words are spoken - SENSATION is the only language remotely comprehensible

4/03/97

It is the aromas that fill the air.
The depth of penetration (by a finger, tongue, penis, clit, hand, dildo, fist)
The taste of flesh freshly bathed, or drenched in sweat
The sight of erect nipples
The feel of hair standing on end at the nape of neck, the length of legs and the span of arms
It is the sound of toes cracking and backs popping - of joints releasing stress
The oohs, and the ahhs the yes's and pleasees
It is when eyes roll back in heads tears are shed and consciousness almost lost
When no sleep is had without it
No days start without it
When the clothes pile up in the corner and the dog is not fed
When a smile appears on faces while you're being cited for insubordination

When conversation are forgotten
and thoughts broken in mid-----
What was I saying OH Yes

When the sheets need washing daily
When the answering machine picks
up the only voice you hear on
When the neighbor complain about you
Being you anymore
When the grass is waist high
When you no longer care if you're
being polite or begging.

Closing / Placement of it is - to right

I'd longed for the days of old
when he cared if his potential partner for the evening was employed, had all his teeth, a place to live with his name on the lease, a shred of dignity and a good bath at least once that evening.
Now, those things were no longer requirements for his affection.

I'd watch & listen to the slovenly dressed young men in the dimly lit bar, peering at them through smoke filled sight. Their stories never seeming to register fully in his memory.
Baby, what'd you say your name is? I'm sorry, Baby What do you like to be called Butch. OK BUTCH how long is your COCK? HUH I'm sorry

Is your DICK BIG? Oh, yeah. Whats BIG TO YOU. Does it get hard? Yeah - my shit get hard. Does it stay hard with a condom on? What we need condoms for? Do you like to fuck or do you prefer oral sex, He looks puzzled Sucking dick & eating ass. Shit I'm a FREAK man? DO YOU WANT TO FUCK ME. Damn RED you real aggesive. I'm not stupid or no shit like that. You just real direct. YOU AINT ROMANTIC @ ALL BUTCH if I were looking for affection or romance, as you say, I'd be looking for an out of work actor with a pretty face - someone who understands the value of real drama - that's ROMANTIC.
OK, so how much money you want to spend.

I see close my eyes and have you

Thick course curly pubic hairs tickle my nostrils as the faintly familiar aroma emitting from your ass slides gently into space in my head attacking my nerves with no mercy.

NAKED

While lying in bed naked
with my head in your lap
I can see the vastness of the
universe with my eyes closed
I feel the breath of the ancestors
while running my hands through
the kinky massive array of long thick
dreads surrounding your face.
The scent of our lovemaking and
the sweat of our labour I cause
me to turn inward my eyes
taking in the glory of your thighs
I can hear the sound of your
heart beating in dreams like
hand before
I touch the migratory
plan of the Iroquois
through valleys of red clay and
limestone as my tongue glides gently
from knee to ankle
I return to this eves beginning
while lying in bed
I can see nothing but blackness
with my eyes open
I feel our Children running amongst
our generations of struggle as your
seed slides fiery hot down my throat

5/18/97 HORNY

The warm May night calls me out into the darkness - I been in this same night air before searching for what I think will help me sleep easier, it never seems to work. But Hell I have been inspired again.

6/15/97

I lick tears from your eyes
letting the salty offerings
of your pain dissolve in my
mouth in hope that they will
quench my thirsty soul
My thirst for affection

7/00/97

Darkness floods the air
Dew embraces the grasses ~~and~~
Stillness lulls the senses into
false calm

Darkness embraces me
holding me close to her breast

8/14/97

After he left I savored the feel of his flesh pressed deeply into mine

As I released inhibitions from my essence, I relived the pain that brought me to orgasm

August 28 Thirst

Bite down hard on that spot between my balls and my ass
Run your ~~teeth~~ across it with your ~~teeth~~ mouth open, a row of ~~teeth~~ biting up each side on the inside of my thighs.
~~Breathe~~ deep the odor, as your saliva mixes with my Godaji natural juices

8/29 Fri

One night
we argued
said some hurtful things
I got quiet
You got horny
We got naked
You fucked me
I fucked you
We came and came and came
You slept with a smile on your face
I sat on the toilet having conceived
new discovery
I watched in amazement
my eyes still on your dormant DICK
Morning came
You left

The Mountain top Festival 9/6/97

Saturday morning

No rest for the weary
Fiery abstainence I am,
On a retreat full of FAIRIES

I am HORNY / The beast is on the hunt
and [illegible] me worry
today she is challenging me for control
I want to remain in a comfortable
place In a closet with my dildo
My ass is wet, my dick hard
nipples jumping to attention @ the
slightest of touch
There are too many to say yes
to just one
But if I let go I just might
splatter the walls with cum
stand naked before you
My mouth filled with queer balls
Riding queer cocks
My hands fondling queer flesh
